- Offer clients the thrill of long-distance control!
- Two forms, NEX1: an external, wearable party-vibe for clitoral play, and NEX2: a curved g-spot massager for internal stimulation.
- OhMiBod® Remote App & Feel Performer\* App compatible

## blueMotion®

## lightsHOW

SHOW YOUR GLOW

### Light it up, and give your client even more of a show!

- LEDs light up to show the vibe activity, offering visual feedback to your customers
- You feel it; they see it!
- Bluetooth®-enabled vibe with wifi connectivity
- OhMiBod® Remote App compatible
- Feel Performer\* App compatible

\*The **Feel Performer** app makes it possible to easily implement interactive device technology to your website and let people control your device from any website. The performer app is made for people that want their device to be controlled by someone else via a website or want to set up an interactive session between devices.
