Doc Johnson's Main Squeeze strokers incorporate a hard-case construction that puts the power in users hands, with a squeeze plate designed to vary the tightness of each stroke, and a suction-adjusting end cap that users can twist to their preferred level of intensity. Each Main Squeeze™ stroker features an ULTRASKYN™ sleeve with a uniquely textured internal tunnel, for ultra-pleasurable stimulation. Main Squeeze's sleek, durable case and screw-on top keep it clean, discreet, and convenient for travel; and Main Squeeze™ strokers also fully disassemble for easy cleanup.

Main Squeeze™ sleeves come in a variety of styles to suit a variety of preferences. All Main Squeeze™ items include detailed instructions on usage and care.

Care and Maintenance

Gently pull from the top to remove the ULTRASKYN™ insert from inside the case. Remove squeeze grip section from magnetic dock (or from inside the case if it falls in during disassembly.) Clean each section with Doc Johnson® Toy Cleaner or mild soap and warm water. Allow all parts to air dry completely. Reassemble product and store in a cool, dry place with both caps closed.
