Meet Doc Johnson's **iVibe[™] Select iPlease**, a mini vibe with maxi punch, that will elevate your quality of playtime on-the-go.

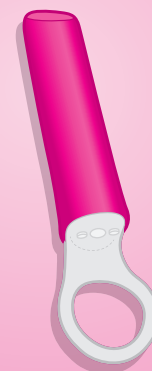

20 Vibrating Functions

Small, Meet Mighty

iPlease is the best of both worlds: it delivers full-size power in a compact design, with 20 functions of deep and rumbling vibrations that will rival your favorite maxi vibe - so you don't have to choose between pleasure and portability.

Take Your Pleasure Anywhere

Packing luggage with large, bulky devices is the last thing you need to worry about when it comes to precious suitcase space. The iPlease is perfectly sized to throw in a purse or carry-on, and conveniently USB rechargeable (runs 1.5 hours on a single charge) with an included portable charging cable. It's also 100% waterproof, so you can take it from bed to bath, and anywhere else your playtime takes you!

Thoughtful Design, Versatile Play

The lipstick-style tapered tip delivers targeted clitoral stimulation for fast, intense climaxes— while the slanted edge offers more broad stimulation for erogenous zones. Plus, whether playing solo or with a partner, the silicone grip ring takes the work out of holding the iPlease in place, allowing for more comfortable and pleasurable use.
