A-Play is Doc Johnson's high-end line of performance butt plugs, created with a variety of special features to promote anal pleasure and exploration for users of every experience level. Each product in the A-Play collection is USB-rechargeable, water-resistant, and includes a charging cable and fabric storage bag.

Featured Products

Vibe - Beginner, Adventurous, or Experienced - Black or Teal

Vibe, the mainstay of the A-Play line, houses a powerful internal motor with 10 different vibrating functions. Each of the 10 stimulating patterns offers users deep, rumbling vibrations and is available in A-Play's full size run: Beginner (small), Adventurous (medium), and Experienced (large).

Thrust - Adventurous or Experienced - Black or Teal

Available in Adventurous and Experienced sizes, Thrust contains a motorized weight that thumps and thrusts inside the firm silicone exterior in 7 unique rhythms.

Rimmer - Experienced - Black or Teal

The 7-function Rimmer is available exclusively in Experienced, the largest size in the line, and combines 2 stimulating features to give users the ultimate back door pleasure. The insertable section vibrates and twists as powerful spinning ridges along the stem tease and massage the sensitive anal entry point.
