

## 4 A Sleeve to Please

Re-apply your ULTRASKYN™ Refresh Powder.

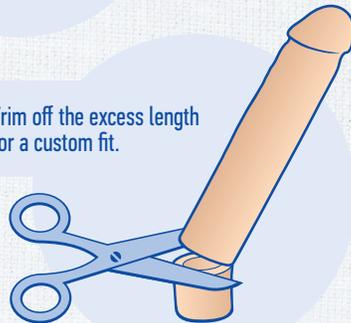

With your customized extension inside the sleeve (hollow end facing you), refit the sleeve onto your erection, folding over any excess until it fits snugly. Using the ruler, measure the length of the sleeve on your penis, and take note of the measurement.

Remove the sleeve. With it unfolded completely, measure the sleeve to mimic the same length as it was on your erect penis.

Trim off the excess length for a custom fit.

The Doc recommends cutting the sleeve to mimic the length of your penis for the most comfortable and pleasurable experience.

## 5 Xtended Just Right

Now your completely customized XTEND IT™ is ready to go!

Be sure the head is facing the correct direction. Pull it on, add a little water-based glide on the outside before entering your partner, and enjoy Xtensive pleasure!

### Doc's Tip for Use

- Powder on the inside - Glide on the outside

### Care & Maintenance

- Wash with warm water and mild liquid soap.
- Can be turned inside out for cleaning and drying.
- Let dry completely, then powder the sleeve and extension.
- Store separately in a cool, dry place.

# HOW TO GET EXTRA LENGTH & GIRTH

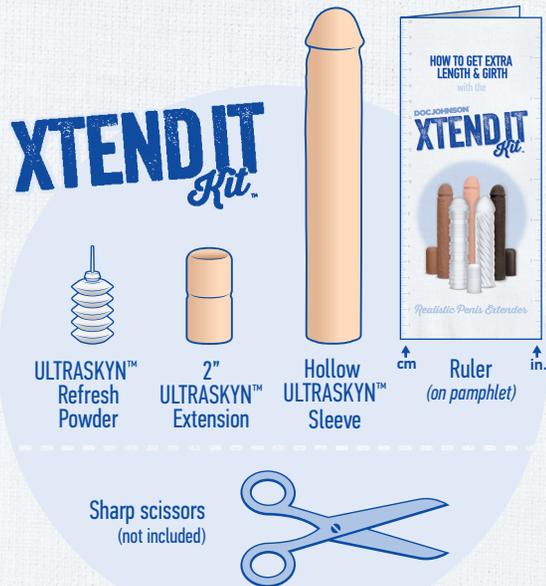

with the

# DOC JOHNSON XTEND IT Kit™

## Realistic Penis Extender

# What you'll need to Xtend It™

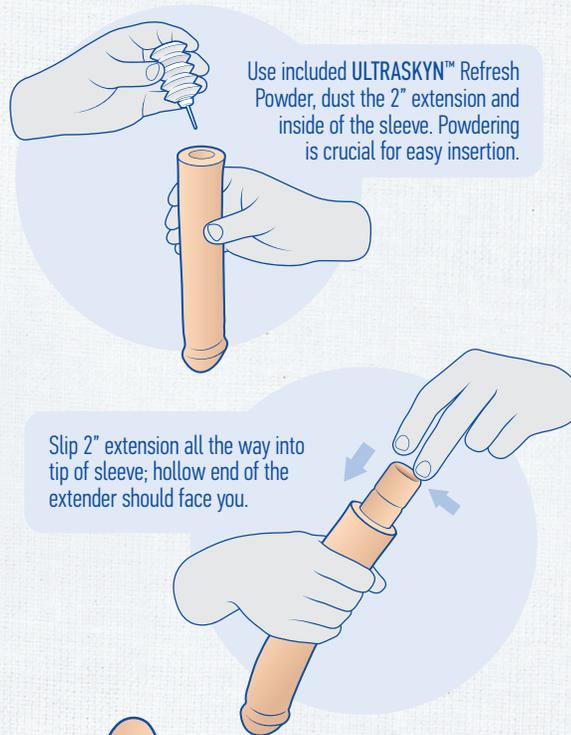

## 1 Get Ready

Get yourself as erect as possible. Using the ruler on the front of the pamphlet, measure the entire length of your penis, and take note of the measurement.

## 2 Try It Before You DIY!

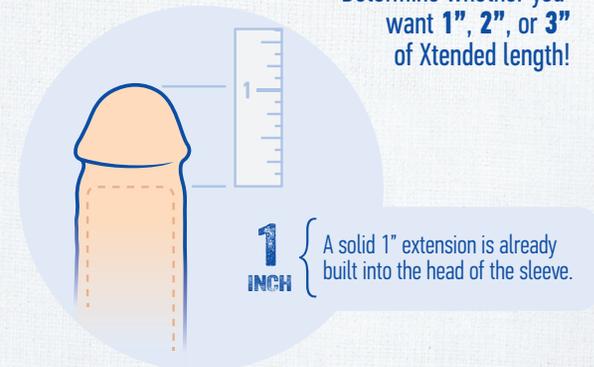

### Doc's Advice for Steps 3 & 4

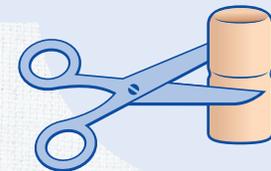

- Do not mark sleeve or extension with any type of ink, lead, or paint.
- Before you trim, remember: you can always cut off more of your XTEND IT™, but you can't add back on.
- Cut conservatively and try it on before trimming. NEVER CUT THE XTEND IT™ DURING WEAR/USE.

## 3 Extensive Options!

Determine whether you want 1", 2", or 3" of Xtended length!

**2 INCHES** { If you want an additional 1" of length, snip the extension in half, along the indentation in the middle – which will give you a total of 2" of added length.

**3 INCHES** { For the maximum 3" of added length, leave the extension piece as-is and insert into sleeve's tip
