

FORT TROFF ISSUED THE PLUNGER

OPERATING INSTRUCTIONS

USE ROTATION:

- Press and hold  button for 3 seconds to power Rotation ON
- Press the  button to quickly swap between Rotation Speeds
- Press and hold  button for 3 seconds to power Rotation OFF

USE VIBRATION:

- Press and hold  button for 3 seconds to power Vibration ON
- Press the  button to quickly swap between Vibration Patterns
- Press and hold  button for 3 seconds to power Vibration OFF

REMOTE USE:

- Toy must be turned ON for remote to connect
- Press  button on remote to power ON
- Press the  button to quickly swap between Rotation Speeds
- Press and HOLD the  button to quickly pause Rotation
- Press the  button to quickly swap between Vibration Patterns
- Press and HOLD the  button to quickly pause Vibration
- Press and hold  for 3 seconds to power OFF

Clean and Care:

For longevity, we recommend a water-based lubricant. Wash after each use with warm water and toy cleaner. Dry before storing in a cool, dry location. Keep out of direct sunlight and separated from other toys.

Charging:

There is a small pinhole on the side of the base. Push the charging pin into the base, then connect to a USB port or adaptor. Power light will flash while charging and stays lit once fully charged. Remove from charger once fully charged.

Product Specifications:

Materials: Silicone, ABS Plastic
 Charging Time: 90 minutes
 Usage Time: 50 minutes
 Functions: 3 Rotations + 7 Vibe Patterns
 Battery Type: Lithium Ion
 Remote Battery: 2 AAA Batteries (not included)

3. Choose from Gunner Accessories to attach to Wall Mount base.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
