Accessory 3

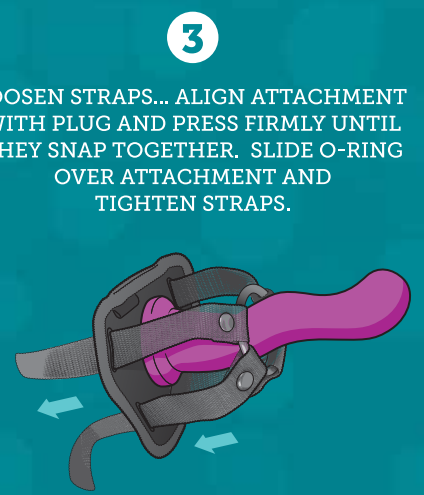

Vac-U-Lock™ offers endless possibilities for you to embrace your fantasies. The Platinum Premium Silicone Attachments in the Vac-U-Lock™ range are the most body-safe options in the world – nonporous, ultra-hygienic and proudly made in America. The lush Neoprene harnesses caress the body and adjust to fit comfortably for an unparalleled experience; they're soft yet sturdy and easy to maintain. The harnesses and attachments are O-ring compatible to accommodate variety. For extra versatility, try Vac-U-Lock™ Accessories; they're compatible with all attachments and create unique experiences.

Care & Cleaning: To Keep your Platinum Harness clean and in good working condition, wipe harness and attachment after every use with a mild dish washing liquid, rinse with water, and wipe dry. Machine wash on delicate setting only - cold water, in a garment bag, and then lay flat to dry. Follow this procedure after every use to keep your Supreme, Lux, or Corset Harness in great working condition.

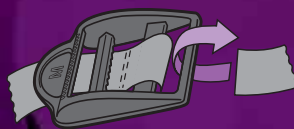

Instructions

LIBERALLY LUBRICATE THE HOLLOW CAVITY END OF THE ATTACHMENT WITH VAC-U-POWDER.

★ O-RING CAN ALSO BE USED WITH NON-VAC-U-LOCK ATTACHMENTS ★

1 LOOP THROUGH FIRST ENTRANCE FROM BOTTOM.

2 THREAD STRAP UNDERNEATH MIDDLE BUCKLE BAR.

3 DRAW STRAP TO DESIRED SIZE FITTING.

4 LOOP BACK THROUGH FIRST ENTRANCE.

5 PULL UNIT SNUG AROUND WAIST
