To Turn On iRing's
Powerful Vibrations:

Turn On: Press button
once without holding.
Turn Off: Press and hold
until vibrations stop.

To Change the
Vibration Pattern:

Press button and put
cable in cycle through
patterns until finding
the mode you prefer.

* All operations require an insert.

To Charge iRing:

Connect the USB cable included with iRing into
your preferred power source. Locate the small
charging port on the base of the Ring and
firmly push the charger pin into it. The charging
port lies across the small slit to help
prevent damage to the cable, but it will stretch to
accommodate the charger. Your iRing will fully
charge in 1 hour for a battery life of 3.5 hours.
